Engineering Reliability for Over 45 Years

At **Braco**, products are not designed to meet a price point — they are engineered to meet a standard.

For over four decades, our focus has remained consistent: **Material Integrity, Dimensional Accuracy, and Repeatable Performance** across every batch supplied.

From **Cable Glands to Cable Lugs & Terminals**, each product reflects controlled raw material selection, defined manufacturing processes, and attention to details that influence long-term reliability — not just initial fitment.

This price list represents standardised products manufactured to specifications we stand behind, consistently supply, and fully support over the life of a project.
